

SQUARE GUIDELINES 2022

Artists will use ONLY yellows and blues, filling in the sections of their assigned square like a paint by number. From far away, the final image will form the yellow peace dove on a blue background. However up close, you will see the details of each individual's artwork within each square.

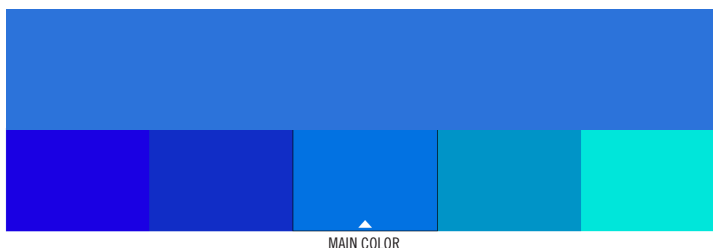

Important!

- We ask all participants to take the project seriously. This means time and thought is put into the artwork, and the artwork is submitted on time.
- Be sure to follow the blue/yellow colors on your square.
- You can work at any size, as long as it is in proportion to a square.
- You can work in any medium, be creative and have fun!
- Do not outline your square (we need the other square to fit seamlessly without the grid lines).
- The goal of our project is to create an inspirational message that promotes PEACE. Therefore, please refrain from depictions of violence, threatening language; inappropriate, indecent, harmful or offensive content.
- We'll send a link for uploading your finished square. We also encourage sending images of your process, please include yourself if you're not shy! We'll have an online exhibition unveiling the final artwork, and will promote our message of peace across social media platforms.

YELLOW Use colors in the YELLOW range

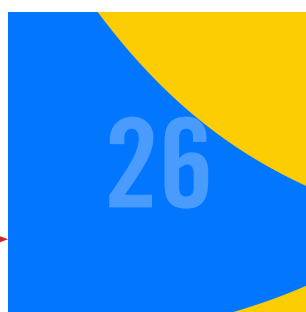

BLUE Use colors in the BLUE range

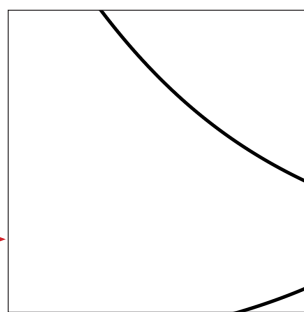

Example

1. Get your square

2. Note the yellow/blue!

3. Create your art

4. Finished art
